SYNTHETIC DEVELOPMENT UAT

Warranty test dossier - no commercial commitment

Project BM03-REV10-20261013 / 432115cb-bd5b-4fae-9edc-74ce031eacf3. This is an internal test source for the existing full Rev10 handover. Not a real construction, client, warranty, or legal document.

Source: completed test final acceptance with the exact submitted owner form, internal UAT signature and native PDF. Planned test handover date: 14 October 2026. Actual physical quality, delivery and client consent are outside this test.

Internal test warranty dossier identifier UAT-WARRANTY-R10. No payment, guarantee or warranty period is legally agreed.

UAT REVIEWED SOURCE / QA TEST ONLY
